N. Mayavathi

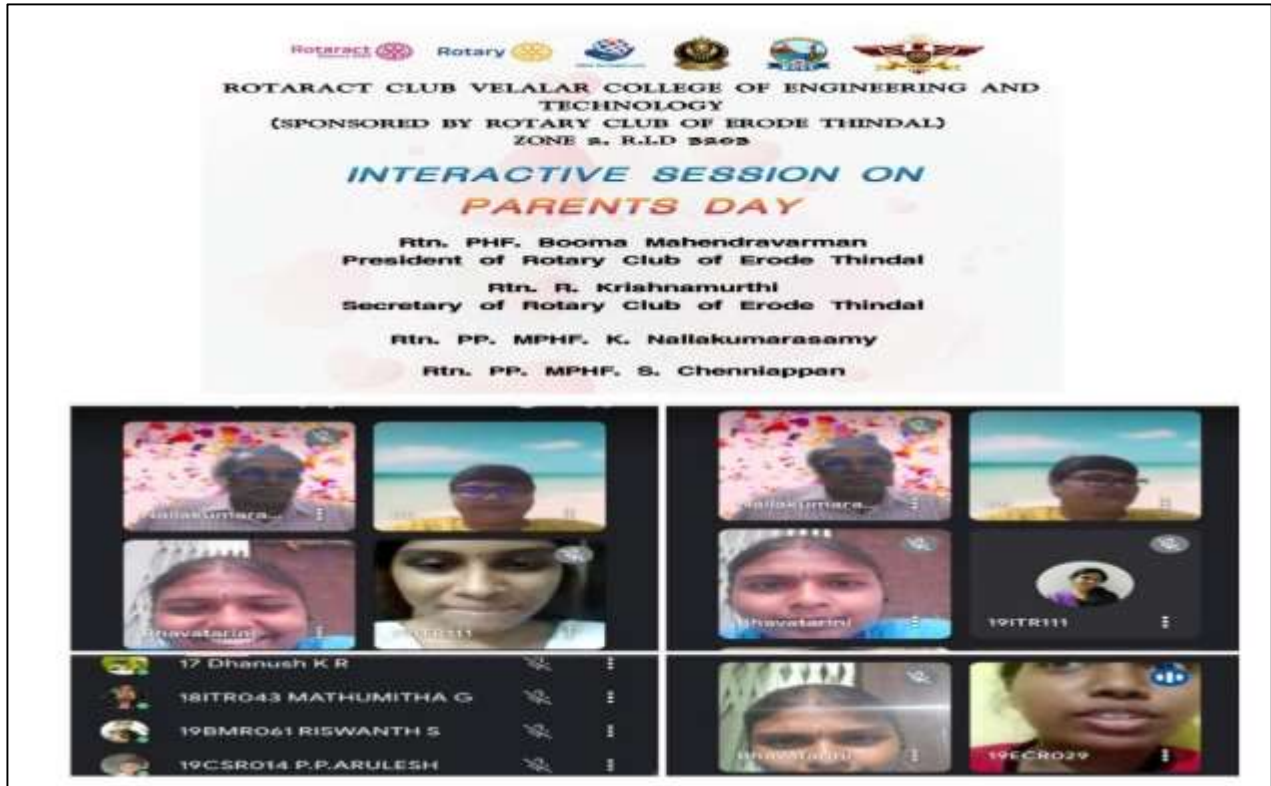

In the event of celebrating KarmaveerarKamarajar's birthday, the Rotaract Club of VCET has created a platform for the members to share their skills between 15th July and 21st July. Around 20 rotaractors participated in the events - essay writing, poem writing, drawing and painting and expressed their powerful thoughts through their skills. The works of rotaractors were received through google forms and the best poem, essay and drawing were given prizes. This event greatly helped in exposing hidden talents of the participants.

**TREE PLANTATION WITH NGOS**

The Rotaract Club of VCET together with non-governmental organisations like மாண்புமிகுமரங்களுக்குழு and மனிதம் பசுமை இயக்கம் organised a plantation campaign and planted around 1000 trees at veppadai, Tiruchengode on 01/08/2021. Rtr.T.Raviselva, Rtr.K.Premkumar, Rtr.M.Bavatarini, Rtr.T.S.Tamilpriya, Rtr.C.Sathyajothi, Rtr.S.Sumithra and Rtr. M.Boobala Manikandan worked on the field from morning till evening. The 1000 trees were of 61 species and they were planted on bare land in order to create "குறுங்காடு" which acts as home to many living creatures like birds and squirrels. The rotaractors also took home some of the surplus saplings and planted them near their houses.

ZONE – 2, R. I. DISTRICT 3203.**

**CLUB FELLOWSHIP**

The Rotaract Club of VCET successfully completed the intra-club fellowship event through google meet on 06/08/2021. The event was started with self introduction by all the office bearers to ignite the interaction from the beginning. A lot of fun events were conducted and the event went on in an informal way. An online spin wheel was used to select random participants for a task. If that selected person couldn't complete the task he has to perform some penalty tasks which made the event even more amusing. All the tasks and penalties were created by the office bearers prior to the event.

**ROTARACT CLUB OF  
VELALAR COLLEGE OF ENGINEERING AND TECHNOLOGY  
THINDAL, ERODE – 12.  
ZONE – 2, R. I. DISTRICT 3203.**

**MAKE A CHANGE**

The collage features three main components:

- Top Left:** A screenshot of a Google Forms page titled "Make a change on youth day". It shows "115 responses" and a list of names including Manju Shree KNB, Rtr. Deepashri, PAVINA V, TAMILPRIYA TS, JANARTHANAAN VS, and Rtr. Risawanth S.
- Center:** A poster for the "MAKE A CHANGE" event. The text reads: "Rotaract Club Velalar College of Engineering and Technology (Sponsored by Rotary Club of Erode Thindal) ZONE 2, R.I.D 3203. MAKE A CHANGE Raise Your Hands Against Corruption. Put Your Signature And Give Your Support. 12.08.2021". It features a graphic of hands holding a "STOP! CORRUPTION" sign. Logos for Rotaract, Rotary, and other organizations are at the top. Names of coordinators and the president/secretary are listed at the bottom.
- Bottom:** A form for collecting signatures. It includes fields for "Designation" (Student, Rotaractor, Other), "Email id" (pdeepashri2003@gmail.com), and "College number".

In the event of celebrating International Youth day, the project "MAKE A CHANGE" was conducted on 12/08/2021, to eliminate corruption by collecting signatures against corruption through Google forms. These signatures against corruption represent itself as the best example of unity against a common society's most dangerous disease called corruption. These signatures act as support from individuals against corruption. 116 responses were received.

ZONE – 2, R. I. DISTRICT 3203.**

charter is the authorisation of the club and it is the proof for the existence of the club. Exchanging that charter means that the authorities of the club are being exchanged from the past team to the present team members . So, on the installation day , the charter is being exchanged between the past and the present secretaries of the club officially. This means that all the responsibilities and activities of the club are being taken over by the new team under the new president and secretary elected.

### RC VCET'S MAGAZINE RELEASE

RC VCET has released the Magazine in the name of "THULIR" which includes the first two month's projects of Rota year 21-22 at VCET Campus. A magazine is a periodical publication which is printed in gloss-coated and matte paper. Magazines are generally published on a regular schedule and contain a variety of content. They are generally financed by advertising, by a purchase price, by prepaid subscriptions, or by a combination of the three. But a Rotaract

ROTARACT CLUB OF

VELALAR COLLEGE OF ENGINEERING AND TECHNOLOGY

THINDAL, ERODE – 12.

ZONE – 2, R. I. DISTRICT 3203.

magazine is different from these. In our club we have decided to print a magazine to acknowledge our activities to fellow members and students. This magazine consists of the activities done by the club members within a certain period and also the projects undertaken by them. This will encourage the club members to involve in more social activities and also the other students to join the club and improve themselves. This magazine was wholly done by the club members which will help them develop their skills in content writing and editing areas ,etc..This magazine has been released on the installation day which has made the day more special.

## ROTARACT CLUB OF

## VELALAR COLLEGE OF ENGINEERING AND TECHNOLOGY

THINDAL, ERODE – 12.

ZONE – 2, R. I. DISTRICT 3203.

The Rotaract club of RCV CET released the Club Bulletin ROTVEL-21 of the Rota year 20-21 at Thindal on 13/09/21. This bulletin summarizes the availability of immigrant numbers during last academic year for: “Final Action Dates” and “Dates for Filing Applications,” indicating when immigrant Rotaract applicants should be notified to assemble and submit required documentation. The Bulletin is produced by GCA club members, who comprise the Bulletin Committee, for the express benefit of the Rotaract clubs. We showcase club projects and activities in our NewsWorthy section, and content reflects clubs inspiring clubs. We celebrate club milestones and anniversaries in our Milestones section. It is a very significant function of the year. Rotaract VCET released the bulletin for the Rotaract year 2020-21 during the installation ceremony in VCET campus .

## TREE PLANTATION

**ROTARACT CLUB OF  
VELALAR COLLEGE OF ENGINEERING AND TECHNOLOGY  
THINDAL, ERODE – 12.**

**ZONE – 2, R. I. DISTRICT 3203.**

RC VCET has Planted a saplings in VCET campus, Thindal on 13/09/21. Planting is recognised as one of the most engaging, environmentally-friendly activities that people can participate in to help the planet when done properly. Trees provide numerous long-term and short-term benefits. They not only look nice, but they also remove and store carbon from the atmosphere, slow heavy rain and thus reduce the risk of flooding, improve air quality, and reduce the urban heat island effect by reflecting sunlight and providing shade..So in order to create awareness about plantation and to protect the environment Rotaract club of VCET have planted trees at the VCET campus .This acton has created an awareness among the students of VCET about the importance of trees.

**FACTS ABOUT SNAKES**

RC VCET Conducted an Online event in the name of facts about Snakes through Google meet on 19/09/21. In this event, we have invited a special guest, Mr.P.R.Vishwanath , who gave many

## ROTARACT CLUB OF

VELALAR COLLEGE OF ENGINEERING AND TECHNOLOGY

THINDAL, ERODE – 12.

ZONE – 2, R. I. DISTRICT 3203.

interesting facts about snakes and also gave some awareness about snake bites and first aid for snake bites. "Snakes are unique and interesting animals. There are over 3000 different species of snakes. The largest ever snake recorded was a reticulated Python at over 33 feet in length. They are becoming a very popular pet and now over 500000 households own a pet snake in the U.S. Inland taipans are the most toxic snake in the world. In the world of snakes, female king Cobra is the only snake that builds the nest. Snakes have very flexible lower jaws which allows them to eat animals who are 75%-100% larger than their own head. They are totally "Solar powered" and rely fully on external heat and light sources. According to the latest count there are 3789 snake species, making them the second largest group of reptiles after lizards". These are the facts given by him about snakes. He has also created awareness about snake bites and has cleared many doubts raised by the students and attendees about snake bites and treatment for that.

## MEETING WITH PAST ROTARACTORS

**ROTARACT CLUB OF**  
**VELALAR COLLEGE OF ENGINEERING AND TECHNOLOGY**  
**THINDAL, ERODE – 12.**  
**ZONE – 2, R. I. DISTRICT 3203.**

Rotaractors of VCET Organised an meeting with Past VCET Rotaractors at Thindal Punjabi restaurant on 19/09/21. In this meet the past rotaractors and the present rotaractors of RCV CET have met together and spent their pleasant time. This meeting has created a way for the rotaractors to interact among themselves . The past rotaractors have given a lot of instructions and guidelines to their juniors to improve the club's performance and it was very useful for the present rotaractors to lead the club in the right way. They have discussed a lot about rotaract in this meet and they also interacted with each other and made their day unforgettable.

**LEND A HAND**

Rotaractors from RC VCET lent a hand to the Growth of Education by providing Study materials for childrens. The Date of Posting the Project in District Group is 23/09/21. Education is the basic right for a human in the world. The right to education starts from the self confidence and the book materials .We, Rotaract club of VCET has planned to donate book materials to school students for the sake of growth of education and In order to create awareness about the right to education. The books and the education can change one's standard of life. This has helped the students who cannot afford big prices for buying books and helped them to improve their knowledge.

**ROTARACT CLUB OF  
VELALAR COLLEGE OF ENGINEERING AND TECHNOLOGY  
THINDAL, ERODE – 12.  
ZONE – 2, R. I. DISTRICT 3203.**

**TAKE CARE OF BEAT**

RC VCET Conducted an Online event in the name of “Take Care of Beat” through Google meet on 29/09/21(World Heart Day).A healthy heart is central to overall good health. Embracing a healthy lifestyle at any age can prevent heart disease and lower your risk for a heart attack or stroke. You are never too old or too young to begin taking care of your heart. True, the younger you begin making healthy choices, the longer you can reap the benefits. But swapping good habits for bad to promote good health can make a difference, even if you’ve already suffered a heart attack.Choosing healthier foods and exercising are two of the best ways to contribute to good heart health. There are a number of additional things you can do to lower your risk for heart disease. These were the facts given by the cardiologist through this meet and that was very useful for the students to be aware of heart diseases.

**TEACH WHAT YOU KNOW**

Rotaractors from RC VCET were to teach the basic features of the phone to Parents (**Teach What you Know**). The Date of Posting the Project in District Group is 30/09/21. Teaching some important things to a person is what life does to us. If we teach some knowledge to someone else it just improves our knowledge along with it too. Here the Rotaractors of VCET have taught their parents about the new applications in their personalised mobile phone. Now a days a simple bank transfer to booking a train ticket can take place in our mobile phone. So teaching our parents how to handle them is an important thing. They have taught their parents about gas refill booking, paying electricity bills and booking train tickets on mobile phones through online money transfer.

donated blood had satisfaction as reward in them and fulfilled mind that they have saved a life.

### FOOD DONATION

Food Donation Connection provides an alternative to discarding surplus wholesome food by linking food service donors with surplus food to local hunger relief agencies. We do this by creating and maintaining an efficient communication and reporting network that links available sources of food to those in need through these existing charitable organizations. As a good example for charitable organisation, Rotaract club of Velalar College of engineering and technology have donated food to needy people in and around Erode on 12/12/2021.

ZONE – 2, R. I. DISTRICT 3203.**

**SAPLINGS DONATION**

Planting is recognised as one of the most engaging, environmentally-friendly activities that people can participate in to help the planet when done properly. Trees provide numerous long-term and short-term benefits. They not only look nice, but they also remove and store carbon from the atmosphere, slow heavy rain and thus reduce the risk of flooding, improve air quality, and reduce the urban heat island effect by reflecting sunlight and providing shade. So in order to create awareness about plantation and to protect the environment Rotaract club of VCET have donated plant saplings to Karapparai Govt. School students.

**ROTARACT CLUB OF  
VELALAR COLLEGE OF ENGINEERING AND TECHNOLOGY  
THINDAL, ERODE – 12.  
ZONE – 2, R. I. DISTRICT 3203.**

**SAPLINGS DONATION**

If we go down the memory lane a few years ago, we would find that the environment around us was much greener than what it is today. We had green belts on either sides of the road; we had trees lining up on the other end of the green belt on the road. Today, these green spaces are made way for road widening activities to accommodate the huge rush of vehicles on the road.

If we find green spaces anywhere in cities today, it is only at the handful of gardens and parks that have remained unexploited by unreasonable human tasks. In order to protect the environment and save it for future generations, RCV CET have donated plant saplings to school students of Thindal Govt. School, Thindal on 14.12.2021.

**ROTARACT CLUB OF

## KURUTHI BAYAMARIYA ORUVAN

Rotaract club of Velalar College of Engineering and Technology has organised a video releasing project with title "குருதிபயமறியாஒருவன்" on 26th January, the day we celebrate as Republic day at 6.30 P. M on official YouTube page of RCV CET. The project was made successfully by Rtr.JeevithaA ,Club literacy chairman of RCV CET.OurRotaractersKeerthana V C ,Bavanthi R, Dinesh V C,Navinbhatathi P, Manjushree K N B has given dubbing in the video. The motto of this event is to give tribute to our freedom fighters.Through this event everyone can able to remember the struggles faced by our freedom fighters. This event particularly tells about the life history of the great king "பாஞ்சாலங்குறிச்சிசீமைவேங்கை - வீரபாண்டியகட்டபொம்மன்".Patriotism is a feeling of pride and respecting the value of our nation.This event helps to promote the patriotism in everyone's blood.This will also helps to understand about unity we stand, divided we fall. This event has inspired more people and their appreciation were known by the views, likes and comments in social media.

On behalf of celebrating our traditional event Rotaract Club of Velalar College of Engineering and Technology organized an event "Nammaoor Pongal" on 14.01.2022. By which we are here to collect the Pongal celebration in various places in our Tamilnadu through Google form. Our main motto is to bring back all our culture and traditions during pongal to this generation. It is very pleasurable to recollect all those forgotten cultures. E Certificates were provided to all participants.

**COLORS OF PATRIOTISM**

Rotaract Club of Velalar College of Engineering and Technology had launched the event "Colors of Patriotism" on 31st January 2022. Five to six office-bearers have participated and showed their contribution. The main objective of this event is to celebrate patriotism and to commemorate the sacrifices of Freedom fighters. To do this, we have collected the portraits of Freedom fighters from our office bearers. The collected Portraits are of various forms of art like pencil sketches, color sketches. In addition to this, we have also added their quotes about Patriotism. After all this, we have posted our work via Instagram. This nearly reached 1000+views, 200+likes.

**A PROMISE OF HOPE**

Rotaract Club of VCET have conducted a cancer awareness programme named "A promise of hope" in the way to celebrate World cancer awareness day on 04.02.2022. The general purpose of a cancer awareness campaign is to increase awareness regarding a specific malignancy, and raise funds for research into its cause, prevention, detection, treatment and cure. In order to spread the awareness of cancer awareness among students, we have arranged a awareness programme through Google meet. In that meeting, we have invited Dr.P.Kavitha mam inorder to speak about cancer awareness among students and to clear their doubts about cancer. After the completion of her brief about cancer, the students have asked their doubts regarding the do's and don'ts of cancer affected persons and also some symptoms of cancer and curing mechanisms of cancer. This event have paved a way for the students to understand the real meaning of cancer and their responsibilities to provide a healthy minded society toward the patients.

**COMPUTER EDUCATION**

Rotaract club of VCET have conducted a computer education program for the government school students of Kaarapaarai on 26.02.2022, which is the adapted school of RCV CET. In that event, we have provided a basic computer education program for the students from 1st std to 5th std. The contents of the education were included by the basic operations of computer, what is a computer, who is the father of computer, how to turn on and off the computer and some information about input and output devices also. The students were separated as a group of 8 members including 5 students 3 rotaractors. After each session of education, there was a question and answer session for each group and prizes were provided to the winners in order to appreciate their performance. This event was very useful for the students to learn the basics of computer in their begging period of school itself.

**NAM MOZHI TAMIZH**

February 21 is celebrated as International mother language day every year to highlight the linguistic diversity and multiculturalism. Considering this RC VCET released a video named "Nam mozhi Tamil", a video about our mother language, Tamil in YouTube to know about our language's growth from the bygone days to till now. That video contains the history of our Tamil language and it really made us proud to release a video about our identity, our language. Rtr.Amruharshini B and Rtr.Deepashri P have given voice over to this amazing video and made us all know about our language's historical facts and made us to hold our shoulder and head upright. This video got many views and good comments and spread a positivity among us to do more videos like this. It is really an immense pleasure for us in making people know about our language and it's pride.

**FOOD DONATION**

Rotaract Club of VCET has donated food for the children at the orphanage named “open door mercy home” at Palayapalayam, Thindal on 22.03.2022. Food donation is the best donation in the world. When you are adequately to have 3 meals per day, then you are a blessed one. But the children in orphanage homes are lacking a good meal because of the lack of donations done to the homes by the people. In a way to be a stepping stone for creating awareness among people to donate what they can, we RCV CET have arranged a meal for the children there . The rotaractors have gathered in the orphanage home and spent a valuable time with the children there. We have served them the food and interacted with them to eliminate their emptiness in their hearts. Not stopping by serving them food, our rotaractors have also feed some children who were not eating properly. Overall, the event was so meaningful and we felt great full for providing what we can for the children in the orphanage home.

**ROTARACT CLUB OF  
VELALAR COLLEGE OF ENGINEERING AND TECHNOLOGY  
THINDAL, ERODE – 12.  
ZONE – 2, R. I. DISTRICT 3203.**

**NOTEBOOK DONATION**

Rotaract Club of VCET has donated some basic stationary items for the children in the orphanage home named “open door mercy home” at Palayapalayam, Thindal on 22.03.2022. The children in orphanage homes are also going to school and they are studying to change their lives. But due to the lack of basic stationary items, most of the children are struggling to manage their studies. In order to keep their schooling better, we RCV CET have donated notebooks , pencils, pens and some basic needs for the school children in the orphanage home. In a way to be a stepping stone for creating awareness among people to donate what they can, we RCV CET have arranged this event for the children there . The rotaractors have gathered in the orphanage home and spent a valuable time with the children there. Overall, the event was so meaningful and we felt great full for providing what we can for the children in the orphanage.

**ROTARACT CLUB OF

**DRESS DONATION**

Rotaract Club of VCET has donated some dresses for the children in the orphanage home named , “open door mercy home” at Palayapalayam, Thindal on 22.03.2022. A man’s personality and their characters are even judged by the clothes they wear today. Being in a society which is judging people by their dresses, we must feel shame that many orphans are not even having a good dress to wear. It is our responsibility to provide them what we can and taking care of the children in orphanage homes. In order to help the needy and to be a example for people to donate, RCV CET have donated some dresses for the children in the orphanage home. We’ve collected some dresses from our students and volunteers and donated them to the children who are not having good clothes to wear. The rotaractors have gathered in the orphanage home and spent some valuable time with the children

**ROTARACT CLUB OF

there. We felt great full for donating what we can and the smiles in the children fulfilled our hearts.

### **SNAKE BITE AWARENESS PROGRAMME**

Rotaract Club of VCET have conducted a snake bite awareness programme for the children in the orphanage home named, “ open door mercy home” at Palayapalayam, Thindal on 22.03.2022. Snake awareness becomes important in order to clear the myths that circulate about snakes; it also helps in understanding how snakes are important for the ecosystem. Moreover, it also helps us in gaining knowledge about the precautions that need to be taken when we encounter snake. The children in orphanage homes are not having a adequate awareness about snake bites and how to treat them. In order to create them awareness about snake bites and teach them what can they do in the time of snake bites, we RCV CET have conducted this program for them. One of our office bearers, Rtr. Navin Bharathi who is a snake rescuer gave his lecture about snakes and how to treat snake bites in a easy way. He also thought about what can be done and what cannot be done in the situation of a snake bite in an easy manner understandable by the children. The children have asked many questions about snakes and their bites and cleared their

**ROTARACT CLUB OF**  
**VELALAR COLLEGE OF ENGINEERING AND TECHNOLOGY**  
**THINDAL, ERODE – 12.**  
**ZONE – 2, R. I. DISTRICT 3203.**

doubts with him. Atlast we have tested their learning by asking them questions that made them more clear about the snake bite treatment.

### FUN GAMES

Rotaract Club of VCET has conducted a event conducting of fun games for the children in the orphanage home named “open door mercy home” at palayapalayam, Thindal on 22.03.2022. If you do something good for someone in need, you will raise their spirits along with your own. Those who give learn to be compassionate and to love and care for others. The success story of the orphanage is about connections. Connecting with the right people, at the right places, and at the right time. The children in orphanage homes are not having a happy life like other children. They may get things and food by lot of donations. But they may not get the affection and happiness that the normal children are having in their homes. To eliminate the emptiness in their hearts, RCVCRT have conducted some fun games for them and we have appreciated the winners with some gifts. The rotaractors have gathered in the orphanage home and spent some valuable time with the children there by interacting with them and playing with them. We hope

**ROTARACT CLUB OF  
VELALAR COLLEGE OF ENGINEERING AND TECHNOLOGY  
THINDAL, ERODE – 12.  
ZONE – 2, R. I. DISTRICT 3203.**

that we have at least gave a small time of happiness and filled their loneliness with what we can. Totally the event was so meaningful and we felt a great joy by seeing the smiles in the faces of the children there.

**SELF DEVELOPMENT PROGRAMME**

Developing students via a structured process of self-analysis, reflection, planning and action enables them to discover and decide what they need. Self esteemed and self respectshelps the individual to identify his own talents and a mind to establish in the society. As a consequence students can gain further qualities, positive mind-set, integrity, humanity,ethics and emotional maturity. Today’s students are the pillar of the future society. We are responsible to shape the pillar of our society.So, RVCET conducted the SELF DEVELOPMENT programme along with JCI Trainets to the students of VCET Students on 08/04/2022
