The aspiration of every engineering graduate and the hope of their parents are fulfilled when he or she is gainfully employed and thus empowered to play his/her role in the society as a responsible citizen.

The college has a dynamic and well-established "Training and Placement Cell" headed by a Principal and assisted by four Placement Officers and four placement trainers along with one faculty co-coordinator from each Department as well as student co-coordinators from each Department.

Placement is the main institutional activity to extend job opportunities to the students under proper guidance. The placement cell interacts with many organizations across the country for arranging campus interviews for the placement of final year students.

The training and placement cell arranges career guidance programmes (CGP), soft skills programmes, personality development programmes through external experts and internal trainers. Such programmes are arranged for the students to develop their communication skills and to build their self-confidence. Also trainings in aptitude and in C, C++, JAVA language are arranged to improve their technical knowledge. Before the campus interviews, mock interviews are conducted to enhance the skills of the students and to motivate them in order to enable them to face the interviews successfully. Also conduct higher education awareness programme and Gate training to enable the interested students to pursue higher education.

MOUs have been signed with reputed companies like Infosys, Wipro Technologies, Tech Mahindra, Suresoft systems, Cognizant etc., for soft skills, guest lectures, industrial visits, project guidance and recruitments.
